

A Light in the Window

The light in the window is to remind us of the great sacrifice our soldiers are making in the name of freedom—freedom for our land and for those who thirst for the opportunity to be free!

Every moment of every day men and women of our armed forces face danger. So in the spirit of togetherness, let us light one window candle in our homes so that on the glorious day that they return, these soldiers will see in every village, town, and city that they have been thought of, and they are welcomed home with the light that shines in our thankful hearts.
